

Family Devotional

Lesson 6 - I Worship God When I Love Others!

Our Bible Verse this week is 1 John 3:11. This verse reminds us that we should show love to others.

In our Bible Story, Peter and John show love to a lame man. Read Acts 3:1-9.

Love Worth Noting

Give each member of the family a pad of sticky notes. If you can find heart-shaped sticky notes it will add to the activity. Tell your family to use the pads to write loving and encouraging notes to everyone around them. Challenge them to use all the notes before the week is out.

The Love Bug

Find or purchase a small plastic bug. Meet with your family and tell them that the bug is called the Love Bug. Tell them that the person who has the Love Bug has to do something loving for someone else in the family. After they have done it, they pass the Bug on to that person. The Bug cannot be passed back to the same person that it just came from. After everyone in the family has had the Bug it can go back to the person who started it. See how many times the Love Bug can be passed around to everyone in your family.
